RE: Requesting a Freeze on Pay Raises and Bonuses Paid Management/Managers of GPA/GWA

Mr. Duenas,

We, the undersigned, ratepayers of the power and water utilities of Guam are demanding that a freeze on pay raises and bonuses for management and managers of GPA and GWA. We are further requesting that a study be done to compare compensation of Guam's utilities managers against compensation of comparable utility companies to ensure Guam Rate Payers are not being overcharged for management.
